

### **building cross culture competence pdf**

Cultural competence is a set of congruent behaviours, attitudes and policies that come together in a system, agency or among professionals; enabling that system, agency or those professionals to work effectively in cross-cultural situations.

### **A framework for Cultural Competence - Centre for Culture**

Intercultural competence is a range of cognitive, affective, and behavioural skills that lead to effective and appropriate communication with people of other cultures. Effective intercultural communication relates to behaviors that culminate with the accomplishment of the desired goals of the interaction and all parties involved in the situation.

Culture (/ ˈkʌltʃr /) is the social behavior and norms found in human societies. Culture is considered a central concept in anthropology, encompassing the range of phenomena that are transmitted through social learning in human societies. Cultural universals are found in all human societies; these include expressive forms like art, music, dance, ritual, religion, and technologies like ...

In brief. The context for this article is Australian libraries and my experience there with cross-cultural provision. However, this article is not about providing library services for any specific group; it's about cultural competence and whiteness. I begin with my background, so as to make clear how I participate, as a white librarian, in discussions about libraries and how they might be ...
