Freedom of religion is a principle that supports the freedom of an individual or community, in public or private, to manifest religion or belief in teaching, practice, worship, and observance. It also includes the freedom to change one's religion or beliefs. Freedom of religion is considered by many people and most of the nations to be a fundamental human right.

I think the controversy over GMOs represents one of the greatest science communications failures of the past half-century. Millions, possibly billions, of people have come to believe what is essentially a conspiracy theory, generating fear and misunderstanding about a whole class of technologies on an unprecedentedly global scale.

I. Introduction. Eighteenth-century American culture moved in competing directions. Commercial, military, and cultural ties between Great Britain and the North American colonies tightened while a new distinctly American culture began to form and bind together colonists from New Hampshire to Georgia.
