Census Bureau reports pertaining to the Census of Population and Housing from 1790 to the present

Census of Population and Housing - Publications - U.S

The United States of America has a racially and ethnically diverse population. The United States Census officially recognizes six racial categories: White American, Black or African American, American Indian and Alaska Native, Asian American, Native Hawaiian and Other Pacific Islander, and people of two or more races; a category called "some other race" is also used in the census and other ...

Race and ethnicity in the United States - Wikipedia

The history of agriculture in the United States covers the period from the first English settlers to the present day. In Colonial America, agriculture was the primary livelihood for 90% of the population, and most towns were shipping points for the export of agricultural products. Most farms were geared toward subsistence production for family use. The rapid growth of population and the ...
