Egocentrism is the inability to differentiate between self and other. More specifically, it is the inability to untangle subjective schemas from objective reality and an inability to understand or assume any perspective other than one's own.. Although egocentrism and narcissism appear similar, they are not the same. A person who is egocentric believes they are the center of attention, like a ...

Egocentrism - Wikipedia

The psychology of self is the study of either the cognitive and affective representation of one's identity or the subject of experience. The earliest formulation of the self in modern psychology forms the distinction between the self as I, the subjective knower, and the self as Me, the subject that is known. Current views of the self in psychology position the self as playing an integral part ...

Self - Wikipedia

Diabetes is a chronic disease that requires a person with diabetes to make a multitude of daily self-management decisions and to perform complex care activities. Diabetes self-management education and support (DSME/S) provides the foundation to help people with diabetes to navigate these decisions and activities and has been shown to improve health outcomes (1–7).

Diabetes Self-management Education and Support in Type 2
