As we enter midsummer in the Northern hemisphere, chances are you're going out for sushi more than in the winter since it's relatively light on the stomach. But summer heat also means you need to be a bit more careful about food safety. While sushi does not just mean raw fish, a lot of it is raw; plus, sashimi does involve slices of raw fish So, how safe is it to give raw fish

A delicacy is usually a rare or expensive food item that is considered extremely desirable, sophisticated or peculiarly distinctive, within a given culture. Irrespective of local preferences, such a label is typically pervasive throughout a region. Often this is because of unusual flavors or characteristics or because it is rare or expensive compared to standard staple foods.
