Literacy Coaching: The Essentials [Katherine Casey] on Amazon.com. *FREE* shipping on qualifying offers. This book achieves something which is rare in professional development books. It demonstrates how to integrate core instructional elements into successful practice.... It should become a central text for study at the classroom

Literacy Coaching: The Essentials: Katherine Casey

Distributed computing is a field of computer science that studies distributed systems. A distributed system is a system whose components are located on different networked computers, which then communicate and coordinate their actions by passing messages to one another. The components interact with one another in order to achieve a common goal. Three significant characteristics of distributed ...
