Amazon.com: Corporate Finance: Books: Venture Capital

Corporate finance is an area of finance that deals with sources of funding, the capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources. The primary goal of corporate finance is to maximize or increase shareholder value. Although it is in principle different from ...

Corporate finance - Wikipedia

My name is Aswath Damodaran and I teach corporate finance and valuation at the Stern School of Business at New York University. I describe myself as a teacher first, who also happens to love untangling the puzzles of corporate finance and valuation, and writing about my experiences.

A corporation is a company, a group of people or an organization authorized to act as a single entity (legally a person) and recognized as such in law. Early incorporated entities were established by charter (i.e. by an ad hoc act granted by a monarch or passed by a parliament or legislature). Most jurisdictions now allow the creation of new corporations through registration.
