Special Articles Recommendations for end-of-life care in the intensive care unit: A consensus statement by the American College of Critical Care Medicine

Recommendations for end-of-life care in the intensive care

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Wound centers are organized in a variety of ways and can be free-standing clinics, housed within community hospitals, or at an academic medical center (). 8 In today's practice, many wound centers are part of a regional health care system or a national health care management group. These wound centers are staffed with a hybrid of part-time and full-time providers and support personnel.

Critical elements to building an effective wound care

The College of Nursing provides the opportunity for students to participate in the Texas Womanâ€™s University Honors Scholar Program. The program seeks to develop scholars with excellent technological, writing and research skills as well as clinical expertise.
