

ragan macroeconomics 15th edition pdf

The term "capitalist", meaning an owner of capital, appears earlier than the term "capitalism" and it dates back to the mid-17th century. "Capitalism" is derived from capital, which evolved from capitale, a late Latin word based on caput, meaning "head" – also the origin of "chattel" and "cattle" in the sense of movable property (only much later to refer only to livestock).
