Sneakers (also known as athletic shoes, tennis shoes, gym shoes, sport shoes, runners, or trainers) are shoes primarily designed for sports or other forms of physical exercise, but which are now also widely used for everyday wear. The term generally describes a type of footwear with a flexible sole made of rubber or synthetic material and an upper part made of leather, synthetic substitutes or ...

Tennis is a racket sport that can be played individually against a single opponent or between two teams of two players each (). Each player uses a tennis racket that is strung with cord to strike a hollow rubber ball covered with felt over or around a net and into the opponent's court. The object of the game is to maneuver the ball in such a way that the opponent is not able to play a valid return.
